

IMAGINING TOMORROW: ALTERNATE ENERGY FUTURES

2010 Creative Writing and Video Challenge for High-School Students

Engage Your Students:

HAVE THEM EXPLORE THEIR FUTURE

How will our energy policies, attitudes, and technologies change?

What are the potential consequences for us and our world?

For your English or creative writing classes
For your video or media classes
For economics, political science, or world history

Entry deadline: April 30, 2010
